Governor Jas. H. Peabody

Who last night received the biggest ovation ever given a state official or political candidate in Colorado Springs.

BIG PARADE IN HONOR OF LAW AND ORDER GOVERNOR

Thousands Turned Out to Welcome State Executive---Streets Thronged With Cheering Crowds Along the Line of March.

Governor Peabody's arrival in Colorado Springs was heralded by the greatest demonstration ever accorded the arrival of a governor or gubernatorial candidate in this city.

As soon as the train was heard to enter at the north end of the city the firing of the governor's salute, 21 guns, was commenced and the heavy whistle of the electric light plant started blowing and kept the whistle up through 21 long blasts.

Cheers rent the air as the governor and his party alighted from the train and were greeted by local leaders. Chairman [illegible]

Peabody and his party and the local leaders were escorted to open carriages and the cavalry escort, from the Hunt club organized by Joseph S. Mahyon formed in front, behind and around the sides of the governor's carriage.

Crowds Lined Streets.

A quick drive was made to the Antlers hotel and crowds lined the streets as the governor passed through.

As soon as the governor had finished dinner at the hotel he was escorted by a committee of local leaders to his carriage and then the march to North park [illegible] the governor's carriage followed by the cavalry brigade, the [illegible] parade [illegible]

Mr. Reynolds, marshal of the day, [illegible] escorted by the cavalry and [illegible] carriage. Following the governor's carriage came three other carriages containing local leaders.

If the county won't do it, if the sheriff cannot do it, if these assessors are in control there is but one thing left and that is the use of the military force to put them down." (Applause.)

Speaking of Teller county he read two communications from Mayor French, of Victor, Democratic officers, who is now supporting Adams, in which Mayor French declared, Governor Peabody to send the troops to Cripple Creek and Victor. The Democratic official ... said, "In view of existing conditions ... for me to appeal to the governor of Colorado, supported by its general and individual opinion, the Western Federation of Miners, ... and elected by the Democratic electors ...

Now you understand why I don't regard that the rank and file of the Western Federation of Miners ever approved or upheld these damnable outrages."

This, he said, is proved by the fact that of the 4,000 miners now working in Cripple Creek over 90 per cent are former members of the Western Federation of Miners, "but they have rejected it as the good people of any state would turn on ... and ... let the Western Federation of ... ever again exist."

COPPER MOUNTAIN DEVELOPMENT WORK

Operations Are Being Pushed on the Fluorine of the Sioux Falls Company and Many Others---Lessees Are Active.

Special to the Gazette.

VICTOR CREEK, Oct. 25.—There is a considerable amount of development work in progress on Copper mountain at the present time. More capital is being used in exploring the Fluorine territory owned by the Sioux Falls company than anywhere else. However, work is being pushed on a number of other properties, and it is believed in every case that enough will yet be opened to pay handsomely.

The Sioux Falls company operating on the Fluorine property is treating the ore produced as fast as it can get it out. The management of the property is doing everything in its power to develop the property, which contains a large body of ore, and with the fact that it is generally conceded by the El Paso people that a second El Paso should be opened on this block of ground.

Lessee Bell and associates, operating under lease the St. Thomas property, located on the east slope of Beacon hill, have opened up a rough cross cut at a depth of 150 feet from the surface. While the ore shoot is only developed about ten feet in width, it is a shipping quality and promises greater things as work progresses.
